Located in West Midtown Atlanta and built in 1970s as a gospel church, you will be greeted by the history that makes The West Venue the only venue of its kind in Atlanta. For years, the space was used to host congregations until 2003 when it was converted into an event hall. In 2020, the building was purchased and renovated to upgrade with latest amenities to add to its one of a kind character, while keeping original part of the building structure. The venue offers two distinct spaces for your event needs.

Hall is 4,500 sf with 20ft tall wood ceiling and wood beams with grand chandelier making it extra luxurious event space and can host any event from weddings, receptions, corporate events, birthdays, pop-up shops, fashion show, etc. Hall boasts extensive 4k projection capability with a projection mapping concept to transform any event into clients dreams.

Lounge is 2,500 sf industrial warehouse style setup with built-in bar that can host pre-functions for Receptions and can serve as cocktail setup for turnover during weddings. Lounge has 2 projectors to project any image or video to make the party come to life.
